CAREER AND TECHNICAL EDUCATION MEMO NO. 090-15

DATE: September 3, 2015

TO: CTE Administrators

FROM: Lolita B. Hall, Director
Office of Career and Technical Education Services

SUBJECT: **Notice of Career and Technical Education (CTE) Course Changes**

As stated in CTE Memo No. 040-13 issued February 1, 2013, as technology, economics, and societal changes occur, there are times when certain CTE courses must undergo major changes as well. These changes may include the elimination of a course from the state curriculum, changes in sequential offerings, name changes, or code changes. We will continue to notify you of course changes well in advance of the effective dates through a director's memorandum and special notations in VERSO (Virginia Educational Resource System Online).

The attached charts provide new state-approved course changes that are effective school year 2015-2016 and courses proposed for elimination over the next several years. Please share this information with appropriate staff for use when preparing for student CTE course registration.

If you have any questions, please contact the Office of Career and Technical Education Services, at CTE@doe.virginia.gov or (804) 225-2051.
